Resolution 2370 (2017)

**Adopted by the Security Council at its 8017th meeting, on
2 August 2017**

The Security Council,

Recalling its resolutions 1267 (1999), 1373 (2001), 1844 (2008), 1963 (2010), 2129 (2013), 2195 (2014), 2220 (2015), 2253 (2015), 2322 (2016), 2341 (2017), 2368 (2017),

Reaffirming its primary responsibility for the maintenance of international peace and security, in accordance with the Charter of the United Nations,

Reaffirming its respect for the sovereignty, territorial integrity and political independence of all States in accordance with the United Nations Charter,

Reaffirming that terrorism in all forms and manifestations constitutes one of the most serious threats to international peace and security and that any acts of terrorism are criminal and unjustifiable regardless of their motivations, whenever, wherever and by whomsoever committed, and remaining determined to contribute further to enhancing the effectiveness of the overall effort to fight this scourge on a global level,

Reaffirming that terrorism should not be associated with any religion, nationality, civilization or ethnic group,

Stressing also that States must ensure that any measures taken to combat terrorism comply with all their obligations under international law, and should adopt such measures in accordance with international law, in particular international human rights law, refugee law, and humanitarian law,

Gravely concerned that the illicit transfer, destabilizing accumulation and misuse of small arms and light weapons in many regions of the world continue to pose threats to international peace and security, causes significant loss of life, contribute to instability and insecurity and continue to undermine the effectiveness of the Security Council in discharging its primary responsibility for the maintenance of international peace and security,

Strongly condemning the continued flow of weapons, including small arms and light weapons, military equipment, unmanned aircraft systems (UASs) and their components, and improvised explosive device (IED) components to and between ISIL (also known as Da'esh), Al-Qaida, their affiliates, and associated groups, illegal armed groups and criminals, and encouraging Member States to prevent and

disrupt procurement networks for such weapons, systems and components between ISIL (also known as Da'esh), Al-Qaida and associated individuals, groups, undertakings and entities,

Recognizing that the illicit transfer, theft from national stockpiles and illicit craft production can be a source of small arms and light weapons which can enable terrorist groups to considerably increase their armed capabilities,

Noting with grave concern the increasing and frequent global use of improvised explosive devices (IED's) in terrorist attacks,

Stressing the paramount need to prevent illegal armed groups, terrorists and other unauthorized recipients from, and identify the networks that support them in, obtaining, handling, financing, storing, using or seeking access to all types of explosives, whether military or civilian, as well as other military or civilian materials and components that can be used to manufacture improvised explosive devices, including detonators, detonating cords and chemical components, while at the same time avoiding any undue restrictions on the legitimate use of those materials,

Stressing that the active participation and collaboration of all States and international, regional and subregional organizations is needed to impede, impair, isolate, and incapacitate the terrorist threat, and emphasizing the importance of implementing the United Nations Global Counter-Terrorism Strategy (GCTS), contained in General Assembly resolution [60/288](#) of 8 September 2006, and its subsequent reviews,

Expressing concern at the increased use, in a globalized society, by terrorists and their supporters of new information and communications technologies, in particular the Internet, to facilitate terrorist acts, as well as their use to incite, recruit, fund, or plan terrorist acts,

Reiterating its call upon Member States to continue information-sharing, through appropriate channels and arrangements, and consistent with international and domestic law, on individuals and entities implicated in terrorist activities, in particular their supply of weapons and sources of material support, and on the ongoing international counter- terrorism cooperation including among special services, security agencies and law enforcement organizations and criminal justice authorities,

Acknowledging the important contribution of relevant Council-mandated arms embargoes in helping to eliminate the supply of small arms and light weapons to terrorists, and *noting* the need to improve information sharing on possible arms embargo violations between groups of experts, peacekeeping missions within their mandates and other relevant United Nations entities,

Reaffirming its resolution [1373 \(2001\)](#) and in particular its decisions that all States shall prevent and suppress the financing of terrorist acts and refrain from providing any form of support, active or passive, to entities or persons involved in terrorist acts, including by suppressing recruitment of members of terrorist groups and eliminating the supply of weapons to terrorists,

Reaffirming the importance of full implementation of resolutions [2199 \(2015\)](#), [2253 \(2015\)](#) and [2368 \(2017\)](#),

Urging all States, including States where ISIL is present, to prevent any trade, economic, and financial ties with ISIL (also known as Da'esh), Al-Qaida, and associated individuals, groups, undertakings, and entities, including through enhancing their border security efforts,

Recognizing the value of the “Programme of Action to Prevent, Combat and Eradicate the Illicit Trade in Small Arms and Light Weapons in All Its Aspects”, including measures aiming at achieving effective physical security and management of stockpiles of small arms and light weapons, as an important means to contribute to eliminating the supply of weapons to terrorists,

Noting with appreciation the efforts made by Member States, intergovernmental, regional and subregional organizations in addressing threats to international peace and security posed by the illicit trafficking of small arms and light weapons to terrorists, and *noting* the significant role of civil society and the private sector in supporting such efforts,
